About Us

Introduction of AIS

Angadi International School is an English Medium co-educational school set in an idyllic lush green campus. It was started in the year 2015. Its serene location, secure environment, sophisticated and integrated infrastructure and complimenting ambience make it an ideal setting to acquire knowledge. Students of AIS lead a life which is full. Academics, of course is the priority. Recognizing the fact that students also need to be groomed holistically, a number of activities are built into the campus routine such that learning become more enjoyable than a burden.

Our Motto

'VIDYA VINAYEN SHOBHATE' ...

There is a Sanskrit saying "Vidya Vinayen Shobhate" which highlights humility and politeness as the indicators of intellectual qualities. Knowledge and wisdom suits well those who are humble and polite. It kindles the quest for knowledge and serves as an inspirational ideology to achieve the core values of AIS.

VISION

To mould young minds into ideal, responsible and charismatic human beings who will be assets to the society they live in and who can lead rather than being led by others.

MISSION

To provide value based relevant education to create a healthy and congenial atmosphere where young and creative minds are nurtured and where the natural growth of individual is ensured with an emphasis on holistic approach.

Chairman Message

"Suresh Angadi Education Foundation (SAEF) was started in the year 2008 with an intention to provide education to the person at the last mile so that the poorest of the poor have access to quality education.

SAEF provides a thriving intellectual ecosystem that ushers an era of competitiveness in today's world which has become a global village. Educational institutes are temples of learning where the student's quest for the life's journey takes a definitive shape. In this regard, I appeal to the students of SAEF to be determined in their mission to excel, dedicated towards their work and aim to deliver high performance result oriented goals that helps in their prosperity as well as our country's growth.

Students should become fearless seekers of true knowledge in their quest for success.

Teaching is a noble profession. Teachers should encourage and keep the flame of inquisitiveness alive among the students. They should act as role models to students

After Bengaluru and Pune, Belagavi is a top educational hub in this part of our country and it is our endeavour to provide excellent educational facilities to our students who come from a variety of backgrounds

I request the teachers and students to strive hard in the development of our country and aim to become global leaders of tomorrow."

Principal Message

Angadi International School has been established to provide value based relevant education to create healthy and congenial atmosphere. Where young and creative minds are nurtured, and the natural growth of the individual is ensured with an emphasis on holistic approach. We aim to turn out happy pupils with sound moral values, who are hard working, dedicated human beings, self disciplined, considerate, responsible and sociable individuals ready to face the challenges of the twenty first century.

AIS stand for good ethics, a living example for the ultimate goal of true education & character has become a symbol of trust.

At AIS every student is considered to be unique and so is their learning.

For Grade I to Grade VIII (All Streams)

Infrastructure

DESIGNED TO BREATHE LIFE INTO EDUCATION

AIS is designed to be an ideal grooming ground for future citizens. The ergonomically designed infrastructure enhances the teaching and learning environment. The classrooms are equipped with audio-visual aids like smart boards, projectors etc. that make learning interactive and enjoyable. Learning would be fun for pre-schoolers at the delightful toy room, informal junior's library, dance and music rooms, splash pool, sand pit and outdoor play area.

LABORATORIES

The state of the art laboratories for earth and life sciences, physics, chemistry, Computer and well furnished language lab have been designed to support experiential learning along with special improvement programmes in English.

LEARNING RESOURCE CENTER

The focus here will be on guided learning and self learning. The LRC contains a wide range of fiction and non fiction books, folk and fairy tales, magazines, periodicals and reference material for students and staff. It will be computerized, equipped with CD ROM, work stations, printers and staffed with qualified librarian to facilitate the work of students and staff.

PREP AND REMEDIAL CLASSES

Major portion of daily prep (HW) is completed in school under the supervision of the teachers in the schedule prep time regularly. Special attention is paid to bloomers by special educators during remedial hours designed according to the needs of these learners.

TRANSPORT

The transportation of students is quick and convenient due to fleet of buses with a well planned routing.

Nursery to UKG

LEARNING CENTRE

We at AIS strive for academic excellence and Personal Development in a caring and challenging environment. So that individual may achieve his full potential. We believe that education must promote and nurture a spectrum of capabilities and skills in our children. We try to mould the child's character drawing out best in their body, mind & soul.

UNIQUE QUALITY

Our school at AIS pre school is to create a safe, stimulating atmosphere conducive to fostering each child's cognitive, social, emotional and physical development. We create an environment in which child can explore, discover and create while encouraging his or her innate curiosity.

CURRICULUM

The AIS curriculum offers an escalation of concepts, skill and content during three years of the child's primary education (Nursery, LKg & Ukg). We follow an inter disciplinary thematic approach with units that revolve around the seasons, science topics, special interests and literature. We work to create a caring, co-operative school environment which promotes cultural, values and supports positive relationship and respectful interaction.

CARING AND QUALIFIED STAFF

Our team consists of fully qualified, enthusiastic and caring professionals with extensive training backgrounds in the field of child development. Our teachers are also regular participants in various professional workshops which keeps them updated with the latest teaching methodology.

CREATIVE MATERIALS

To develop as well as refine your child's fine motor skills, students will be working with a variety of materials. Some of the play or learning items preschoolers use include : paints, crayon, chalk, play dough, sensory tables and blocks.

MATH/PROBLEM SOLVING

Students will be learning pre-math skills, number recognition and problem solving skills which will build a solid foundation and love for math in a year to come.

EVALUATION SYSTEM

AIS uses a system of continuous evaluation and provides parents with an assessment of their child's academic progress based on a comprehensive system of reports and P T M'S. Teacher's observation and child's participation in the activity tests from the basis of the evaluation.

PHYSICAL FITNESS

Gross motor skills and co-ordination are integral to a child's development and can be refined through variety of activities, creative movement, running, jumping , balancing, stretching & climbing are some of the activities that will get your children up & moving.
